I

There were times I knew but I found it hard to say

You were special in my life. Never thought you d go away

Refrain:

I ll be strong. I ll get by without you in my life

I can see through your lies

Did you ever love me?

I never found your love

Chorus:

You and I know love is leaving

And you don t want me anymore

Why should I even try?

You and I know love is leaving

Now you re the last thing on my mind.

Someone else I will find

A memory I ve left behind

II

If I ever made you cry. Any reason I canâ€™t find

It was lonely by your side. Like a fool I stood by you

(Repeat Refrain and Chorus)
