I m new on the guitar but I think this is pretty solid. The timing isn t very difficult so tighten that up on your own.

Better Times by Beach House

**C Am ...**

I want you  
To know the truth  
Cause I been around before  
Felt I was looking anymore

**C Am ...**

Been a fool for weeks  
Cause my heart stands for nothing  
And your soul s too weak  
Got away  
It s been around for days  
Goes far if you want it  
It needs to be kept

**Em**

But then you

**Am**

You come around

**Dm G**

Big mistake

Chorus:

**C Am**

I don t want to know

**Em Dm**

I don t want to know

**Dm**

We don t need the side, to know

**Am G**

Better times

Bridge 2x:

**C**

Running around cause you beat yourself up, and you made a crack

**Am**

And the one that you love is gone

**C**

How much longer can you play with fire

**Am**

Before you turn into a liar, Oooh

**C Am ...**

I been around before

Thought you were looking anymore

**Em**

But then we

**Am**

We come and go

**Dm G**

Go up in smoke

**C Am**

I don t want to know

**Em Dm**

I don t want to know

**Dm**

We don t need the side, to know

**Am G**
