G    Am    Fmaj7  
          We drive around this town

          Houses melting down

          A vision turning green  
F    Am7    Em7  
          Is all we've ever seen  
C    Am7                    G6  
          And then it's dark again  
G    Am    Fmaj7  
          A new development  
F    Am7    Em7  
          Wishing that it meant  
G    Am    Fmaj7  
          Something natural  
F Am7    Em7  
          Don't we know it's cruel

That never shared before  
**F Am7 Em7**  
 From my mouth to yours

 No one around  
**G6**  
 And then it comes again

 Just like a spark  
**G6**

 From the spine rising through the mind, you give it up (Just like a spark)

 It s a gift taken from the lips, you live again
