

**I Fancy Laura Marling
Beans on Toast**

A

Well I fancy Laura Marling,

E

But she's only sixteen,

D

A

She hasn't even finished her GCSE's,

A

But her voice is just so sexy,

E

She plays a mean guitar,

D

I love the songs she sings so much,

A

I know them off by heart.

E

D

Oh Laura, Oh Laura,

A

E

What am I going to do,

D

A

If only I was 10 years younger,

E

A

And I wasn't going bald.

A

Well I fancy Laura Marling,

E

But she's already got her man,

D

He's probably in her science class,

A

Holding her hand,

A

She's written him 10 love songs,

E

I've only written one,

D

But if you heard it Laura,

A

Would you sing along?

E

D

Oh Laura, Oh Laura,

A

E

What am I going to do,

D

A

If only I was 10 years younger,

E **A**

And I wasn't going bald.

A

Well I fancy Laura Marling yeah,

E

But so does everyone,

D

Just wait until her album's out,

A

And she's at number one.

A

I'll still be at Nambuka,

E

Singing to an empty room,

D

When she wraps up a sold out tour,

A

Headlining Sheperd's Bush.

E **D**

Oh Laura, Oh Laura,

A **E**

What am I going to do,

D

A

If only I was 10 years younger,

E

A

And I wasn't going bald.
