

Crazy Fishes

Bearcat

F **Am**
I know we ve been here before.

Dm
I know your heart is very sore,
C Bb C
but please, oh please...

F
I called you from the hospital -
Am
you didn t pick up the phone.

Dm
I was left alone with the crazy fishes,
C Bb
swimmin in their senseless circle, all of us together,
C
smashing our faces in the glass.

F **Am**
This repetition s definition could be insanity,
Dm
but flip a switch and check the sky as I go!
C Bb C
Just had to keep tryin ...had to keep tryin .

Bb C
I had said that I d be better:
F Am Dm C
told you I d never fall again
Bb C F
countless times, and you believed me,
Am Dm C
but I let you down again.

Bb C F#7
I m not asking you to answer;
Dm
I can tell this is the end,
C Bb Bbm F
so I m goin to leave you at the door.

Am
I know that I won t spend my whole life in a cell;
Dm C
I will keep fighting and slowly righting myself.

Bb
One foot right in front of the other, as they say.
C
Even when it s dismal, I m guaranteed change.

Bb **C**
 I had said that I d be better:
F **Am** **Dm** **C**
 told you I d never fall again
Bb **C** **F**
 countless times, and you believed me,
Am **Dm** **C**
 but I let you down again.
Bb **C** **F#7**
 I m not asking you to answer;
Dm
 I can tell this is the end,
C **Bb** **Bbm** **F**
 so I m goin to leave you at the door.
