Guitar2

guitar 1 keeps doing the intro while the 2nd guitar is playing

power chord

A	Cm	D	A	Cm	D	Gm
-x-	-x-	-x-	x4	x4	x4	-x-
-x-	-x-	-x-				-x-
-x-	-6-	-7-				-x-
-7-	-6-	-7-	next set			-6-
-7-	-4-	-5-				-6-
-5-	-x-	-x-				-4-
x4	x4	x8				x4

you do both of these sets 2 times untill the verse which is:

0:26

A	E				Fm					
-x-	-x-				-x-					
-x-	-x-				-x-					
-x-	-x-	A		A	E	-x-	A	E	A	
-7-	-2-	x2	then	x2	x2	-4-	then	x2	x2	x2
-7-	-2-					-4-				
-5-	-0-					-2-				
x2	x2									

last

	A	E	Fm
	x2	x2	x2

if you listen theres a part where one of the guitars dose this at the end

```

|-----|
|-10-9-----|
|-----11-9-----|
|-----11-9-7-----|
|-----|
|-----|

```

after that happens it gose into the per-chours which gose like this:

A	E	Fm	D
x4	x4	x4	x4
A	E	A	stop
x4	x4	x5	

so you do the verse again then the per-chorus then the Chorus that gose like this:

A	E	Fm	D	E
x7	x7	x7	x4	-x-
				-x-
				-9-
				-9-
				-7-
				-x-
				x4

I like to do this when the Chorus start, its the part of the key board in guitar  
0:59

A	
-----	-----1^-----
-----	-----3^-----
-----6-9-11---9-7-----	-----2^-----
-7---6-9-11---9-7-9-9-----	-----7-----

```

|-7---4-7-9---7-5-9-9-----|-----7-----|
|-5-----7-7-----|-----5-----|
x12                      hold the note
                x2^

```

go back to the verse then per-chorus then Chorus,  
after that its the 2nd Chorus

```

|-----|-----|
|-----|-----|
|-----|-----99--9--9--9--9-----|
|-----|-----99--9--9--9--9-----|
|--3h4--3h4-----1h2--1h2--5h7--5h7-|-----77--7--7--7--7-----|
|-----0h2--0h2-----|-----|
                ^on the^          then play this,
                2n time,          hold each note for
                leave these       4sec s
                out
                x2^

```

Then play the chorus untill it ends with the verse part
