

From This Place

Beau Regan

Em **C**
I ve built these walls
D
But they all just came down
Em **C** **D**
For all to see

Em **C**
The light revealed
D
What had been here
Em **C** **D**
From the beginning

Em **C**
With a tongue concealed
D
Behind a white fence
Em **C** **D**
And no words take hue

Em **C**
These eyes were hidden
D
Behind the blinds but
Em **C** **D**
You saw straight through

Em **C**
I can t stand up
D
On my own
Em **C** **D**
I need your strength
Em **C**
Cause you broke to the heart
D
That no one else could
Em **C** **D**
And took me from this place.
