Em **Bm**
I was built from the cold of man

Em **Bm** **Em**
with the hands of Marquis de Sade - a cruel facade.

If I could somehow spend another day with you,

A
I'd pluck out the eyes of God.

Em **Bm**
I would live in a time of owls,

Em **Bm** **Em**
in the days when the world was green, my love machine.

Bm
Though I bear no mark of war upon me now,

A

Bm **A** **G**
I'm not feeling well, but I'll sit real still

Gm
if you don't tell.

Em **Bm**
There's a place for us, my dear,

Em **Bm**
where the daughters of Orion sing;

Em **Bm**
where a man can live without the cloud of fear

A
choking everything.

G **D**
Keep me far away from all the noise -

G **F**
I just caught the last boat out of hell.

G **F#**

There s a heartbeat in the wire;
Em **Bm**
there s a soul caught in the meat -
A
the veins, the feet, they all expire.

Keep me far away from all the noise -
G **F**
I just caught the last boat out of hell.
