

Bad Bitches Dont Cry
Bebe Rexha

Intro: F G Am Am7 (x2)

I needed you like the stars need the night
But you left me in the dark here to die
And we had something that money could never buy
But you ruined it with all your twisted lies.

Bad bitches don t cry, we just get even, even
So raise your fist Yeah raise em to the sky

Baby keep on living living
And if there is one thing that I ve ever learnt is
If you play with fire you re going to get burned
cause bad bitches don t cry,

Don t cry, don t cry, don t cry
F (aguarde)
Don t cry.

I bet you thought I d be nothing without you
Well you thought wrong cause baby I am bulletproof
Yeah i push through the storm baby, push through the pain

Dust myself off and stay in the game
Won t let you tell me, tell me I m down,

I am the queen and this is my crown.

I am a fighter, I m the igniter

I m gonna light your whole world on fire

I wanna thank you for

Making me so much stronger.
