[Intro]

[Verse 1: Bebe Rexha]

Something bout a rapper, something bout a singer
G#m
Trying to make a feeling last longer than a linger
E
They knew exactly what they we re getting into
D#m G#m
He was always sippin , she was something different
G#m
Together they were living, never ever overthinking
E
Falling in madly, running from their issues
D#m G#m
And he s not to blame, and she s not to blame
E
Drinking the love that they pour in the cup cause it eases the pain
D#m G#m
And he ll never change, she ll never change
E
Breathing the hope that they find in the smoke cause it eases the pain
D#m G#m

[Pre-Chorus: Bebe Rexha]

We only love when our eyes get heavy
G#m B
We only laugh, we only dance when the high gets steady
F E
Yeah, we only touch when our heads get messy
G#m B
We only laugh, only attach when the high gets steady
F E

[Chorus: Bebe Rexha]

When the high gets steady
G#m
Hi-high gets steady
E
When the high gets steady
D#m G#m
When the high gets steady
G#m
Hi-high gets steady
E
When the high gets steady
D#m G#m
