Cold Brains, unmoved, untouched, unglued,
A G Gsus G
alone at last
D A G C D
no thoughts, no mind to rot behind
A G G7 G6
a trail of disasters

A D F A
a final curse abandoned hearse
A D F E
we ride disowned corroded to the bone

the fields of green are bent, obscene
i lay upon the gravel
a worm of hope a hangman s rope
pulls me one way or the other

a final curse abandoned hearse
we write this song corroded to the bone

harmonica solo

a bird of song is heard no longer
in the evacuated heavens
the drain is drawn and drained and gone
and on and on, it doesn't matter

a final curse abandoned hearse
we ride disowned corroded to the bone

harmonica solo , fade
