Lyrics:

go where you want to
do the things you feel
walk around with a broken leg
and a hundred dollar bill

get yourself a pistol
get yourself a dog
stay up all night gettin drunk
sleepin on a hollow log

walk till your restless
sleep till your tired
wake up with that (thinking?)
your the one that I desire

this TAB took me 2 hours so you better play it !!!

Especially vinyl. So please send them.
Other TAB always welcome!
