

I Just Started Hating Some People Today
Beck

F# (Pull off and hammer on occasionally on the G string to get the hoe down
vibe going)

F#
I just started to see the light of day
C#
Some people say one thing but act the other way
F# **B**
Sooner or later they give themselves away
F# **C#** **F#**
And I just started to see the light of day

F#
I just started hating some people today
C#
Talking trash behind your back all day
F# **B**
Saying things that a garbage man would not say
F# **C#** **F#**
And I just started hating some people today

F#
I just started wanting to kill someone
C#
And I don t need a nunchuck or a gun
F# **B**
Cause one look at my eye and you will run
F# **C#** **F#**
And I just started wanting to kill someone

F#
I just started wanting to see you dead,
C#
At least one half of the double life you lead
F# **B**
And I may be joking, you ll be choking instead
F# **C#** **F#**
And I just started wanting to see you dead

F#
And I just started wanting to punch your face,
C#
You might wanna wear a helmet just in case
F# **B**
What was once your face is gonna be replaced,
F# **C#** **F#**
And I just started wanting to punch your face

F#
