

Lonesome Tears
Beck

My first try ever at anything like this. Not perfect but better than any other I've seen on this site. Feedback welcomed! Enjoy!

A

Lonesome tears

Em **Em7**

I can't cry them anymore

Bm **A**

I can't think of what they're for

Em7 **F#m** **D**

Oh they ruin me every time

A

But I'll try

Em **Em7**

To leave behind some days

Bm **A**

These tears just can't erase

Em7 **F#m** **D**

I don't need them anymore

F#m

How could this love

Ever turning

F **C**

Never turn its eye on me

F#m

How could this love

Ever changing

F **C**

Never change the way I feel

instrumental break:

Lazy sun

Your eyes catch the light

With promises that might

Come true for awhile

Oh I'll ride

Farther than I should

Harder than I could

Just to meet you there

How could this love

Ever turning

Never turn its eye on me

How could this love

Ever changing

Never change the way I feel
