

Steal My Body Home
Beck

Bass Tab:

It is pretty much slowly repeated for the whole song, taking a break for the interlude (where it sounds like a guitar picking the chords C, D, A, Bb, F, Bb, G...but don t quote me on that). Those chords can also be stummed for a nice acoustic cover version of the song. Enjoy.

```
G|-----|
D|-----|
A|---3---5---0---1-----1-----|
E|-----1-----3-----|
```
