Modern Guilt

Em **G**
I ve been waliking on these streets so long
C **G** **F#m**
I don t know where they re going to lead anymore
Em **G**
But I think I must have seen a ghost
C **G** **F#m**
I don t know if it s my illusions that keep me alive

A **C**
I don t know what I ve seen
E **G**
Was it all an illusion All a mirage gone bad
A **C**
Ohhhhh I m tired of evil
E **G**
And all that it feeds But I don t know

Em **G**
I ve been drifting on this wave so long
C **G** **F#m**
I don t know if it s already crashed on the shore
Em **G**
And I ve been riding on this train so long
C **G** **F#m**
I can t tell if it s you or me who s driving us in-to the ground

A **C**
I don t know if I m sane
E **G**
But there s a ghost in my heart Who s trying to see in the dark
A **C**
Ohhhhh I m tired of people
E **G**
Who only want to be pleased But I still want to please you

G **F**
And I heard of that Japanese girl
Em **C**
Who jumped into the volcano

A **C**
Was she trying to make it back
Em **F**
Back into the womb of the world

Em **G**
I've been drinking all these tears so long
C **G** **F#m**
All I've got left is the taste of salt in my mouth

Em **G**
C **G** **F#m**

A **C**
I don't know where I've been
E **G**
But I know where I'm going To that volcano
A **C**
Ohhhhh I don't want to fall in though
E **G**
Just want to warm my bones on that fire a while

A **C** **E** **G**
