

Because you know we re nothing special to them  
                                **G      Bb   C**  
We re going some place they ve already been  
  **Bb**  
Trying to make sense of what they call wisdom  
  **G      Bb   C**  
And this riff raff ain t laughing with them

Chorus

**G#**  
Hey what are you gonna do.  
                                **Bb                  C**  
When those walls are falling down  
                                **Bb      G   Bb   C**  
Falling down on you

**G#**  
Hey what are you gonna do.  
                                **Bb                  C**  
When those walls are falling down  
                                **Bb      G   Bb   C**  
Falling down on you

Verse

**Bb**  
You re wearing all of the years on your face  
  **G      Bb   C**  
Turn a tombstone you roll into place  
  **Bb**  
And your heart only beats in a murmur  
  **G      Bb   C**  
But your words ring out just like murder
