Eb
For your sun?is all of me

Gm
They rather see? me down and that was showin , you don t care

They don t wanna see me with you, they want you for theyself
Cm
They don t wanna see us try to make it work

Eb
I know they waitin on one of us to get hurt.

They rather see you sobbin when you re fallin apart
Telling you things like I ma break your heart
They rather see you do me wrong and waste my time
They rather see me crying than to see me shine

F
But I stay way up

Eb
Stuck with you until we gotta wait up

F
This love, they with me and you like a lay-up

Eb
And they hatin , can t wait for us to break up, oh

F Eb
They ain t ready for our love, oh

F Eb
They ain t ready for our love, oh

F
Cause what we got will never die

Eb
This that til the end of time

F Eb
They ain t ready for our love, oh

Gm
They ain t ready for it

Gm

We got a bond, a vibe, something that money can't buy

Cm

I am talkin' slick but I just pay no mind

Eb

I feel the stars align, God just sent me a sign

Gm

Put your hand to mine, put your heart in mine

This is one of a kind, love is hard to find

You got it all in my spine, runnin' but I cannot hide

Damn, look at the time, yeah, you get on my type

So tell me if you mind, baby

You feel it way up

Stuck with you until we gotta wait up

This love, they with me and you like a lay-up

And they hatin', can't wait for us to break up, oh

They ain't ready for our love, oh

They ain't ready for our love, oh

Cause what we got will never die

This that til the end of time

They ain't ready for our love, oh

They ain't ready for it

They ain't ready

Love is straight up (They ain't ready for it)

All we want to feel (They ain't ready for it)

And you waitin' on my love

I ain't complainin'

They ain't ready for it, they ain't ready for it

They ain't ready for it

They ain't ready for it, they ain't ready for it

They ain't ready for our love

Don't let them talk

They don't know

They ain't ready for our love, oh

They ain't ready for our love, oh

Cause what we got will never die

This that til the end of time

They ain't ready for our love, oh (Ooh)

They ain't ready for it
