

Fools Tattoo
Bedouin Soundclash

Notes: Capo on 5th and fingering as follows: **C Dm C Bb C Dm C Bb F G Dm Bb F/Dm C**

Dm Bb C Dm. You can also play the barre chords at 10th fret, playing only the three four highest strings.

Eb/Gm: this is not a chord, no, it means you can play either. Maybe the major sounds better, but I think it s Gm on the record. As the song is in Gm.
