

**St Andrews**

**Bedouin Soundclash**

I noticed there wasn't a chord version of this song up here yet. I think I got at least the intro down.

=====

It's

**G**

**C**

**D**

so the progression would go

**G C G D.**

The strum pattern's pretty easy to figure out from there. I hope this helps.

Also the guitar is capo 5th fret.

I'm still working on the bridge and everything else though.
