Verse 1:

```

G                               Cadd9
Songs we hold close learned us more about this life
      G                               Cadd9
Than those years sitting cornered in a classroom
      Am7           Cadd9           Dsus4           G
For every darkened time there is a tune

```

Am7 **Cadd9** **Dsus4**
A soothing painkill safe to sink into

Chorus:

Em7 **G**
You might not always stand by me
Am7 **G**
But how sad our life would be with guarantees

[Play verse chords again]

Verse 2:

Three minute songs sometime last a lifetime long
Safe & sound with Norwegian Pop to stick to
Let s go where people are like you and me
The dance floor is a mess but so are we

Chorus:

She says there s so much left to lose
But tell me how could music ever fails us too?

Interlude (strum each chord once each):

G **Cadd9**
Julie, this too shall pass
G **Cadd9**
Julie, this too shall pass
G **Cadd9**
Julie, this too shall pass
Am7 **Cadd9** **Dsus4**
It s just another low these never last

Outro: Play verse chords through, end on G.
