

**In Anticipation Of Your Suicide
Bedroom Walls**

Am C/D F

Your heart is always almost beating

Am C/D F G

along with windy frozen tunes.

C G Am

But you say you've laughed enough,

G F G

your closet's stuffed with last year's blues.

C G Am G F

Dm G Dm G

But you know by summertime your suicide's just last year's news.

Am C/D Em F G

Am C/D F

What will we find inside of your room?

Am C/D F

Notes in the margins,

G

records always spinning.

C G Am

Clues you know you want all to know

G F G

your little soul grew old too soon

C G Am

and surprises lost their thrill.

G F Dm G Dm G

Vodka, pills and the marquee moon.
