                F#m   Bm Em
You call it dé...jà vu

So many lose what
      Em
The few of us can find
      Em
And never mention
               F#m   Bm   Em
You re gonna break my will
              F#m   Bm   Em
You re gonna take me down
          Bm
So many pay
             Em
When the two of us can steal
                   Bm
So give what I want
                  D7+   A/C# G7+
