Bodyguard
Bee Gees

Intro: **Cmaj7 Bm7 D/E Am7**

```
  G                             Bm7
   It hurts me when you cry
  G                                 Bm7
   when you feel the love is gone.
    Cmaj7                               Cm
   Don t give up on us when you got so much to believe in.
  G             Em            Am7
   And so I beg  you please stay   yeah.

  G                             Bm7
   Danger in the night,
  G                         Bm7
   a flame that never dies
         C
   in a world of lonely faces
        D    Em            Bm7
   you need someone to survive,
     C                         Am7
   a love like yours should never live alone.

   Cmaj9
   Let me be your bodyguard, (I can be useful to you)
   Bm7
   we can just get excited,
                            Cmaj9
   stop before we go too far.

   Let me be your bodyguard, (living in my protection)
   Bm7
   we can just get ignited,
  E                Am7
   lost inside
        Cm
   it s only you and me.

  G                                     Bm7
   There s things you shouldn t do.
  G                         Bm7
   You lose your self-control.
   Cmaj7
   Should the eyes of a perfect stranger
   Cm
   take you down to a new sensation?
  G      Em            Am7 /D
   Just turn back to me.
```

```
   G                            Bm7
  Don t wait till it s gone.
   G                              Bm7
  Don t go where you don t belong.
         C
  In a world of pain and sorrow
           D        Em      Bm7
  every wish is your command.
      C                          Am7
  A heart like yours should always find a home.

 Bm7                                      Em
  I know the signs and I m telling you you re li  ving on borrowed time,
          Am7
  but a heart needs love like a flower needs rain,

  like I m making you mine.

   Cmaj9
  Let me be your bodyguard, (I can be useful to you)
   Bm7
  we can just get excited,
                          Cmaj9
  stop before we go too far.

  Let me be your bodyguard, (living in my protection)
   Bm7
  we can just get ignited.

                   Am7
  What we had never known all our lives,
          Cm
  I pray   it s not too late,
   G                    Bm7
  I would die by your side, my love,
   C                        Cm
  I m the life that you save.

( A    C#m7    A    C#m7 )

           D
  In this world of pain and sorrow
     E  F#m7              C#m7
  every wish is your command,
     Bm7                    G           D/E
  a heart like yours should never live alone, yeah.

 C#m7
  I used to dream of a special one
          F#m7
  and now   I feel it coming true,
        Bm7
  but I couldn t let go, I m a jealous guy,
```

what you re putting me through.

Dmaj7
Let me be your bodyguard, (I can be useful to you)
C#m7
we can just get excited,
                           E
stop before we go too far.
Dmaj7
Let me be your bodyguard, (living in my protection)
C#m7
we can just get ignited,
                             F#m7
stop before we go too far

Dmaj7
Let me be your bodyguard, (I can be useful to you)
C#m7
we can just get excited,
                          Dmaj9
stop before we go too far
