Don't Fall In Love With Me
Bee Gees

Intro: **F Bb7 Fm G F C Bb Bb7 Eb**

```
      Bb                    Bb7
Don t fall in love with me baby
                              Eb
It s a love that just won t last.
 Cm                               Eb
Your eyes are lookin     out at the future
                 F
But you see the past.
    Bb                        Bb7
You know love was made for a dreamer
                            Eb
But when the dream is out of sight
 Cm                           Eb
Well, all you re gonna get in the morning

Is a lonely night
                    F                         Bb
(gonna be a lonely night nothing but a lonely night)
          Gm  Gm7                 Eb
Saving it all for        something wild and wonderful
           Cm  Eb
Holding it down
                            F
There s gotta be another horizon
        Eb
Keep it inside
           Gm  Gm7                      Gm/Eb
Don t throw away        your precious love
              Cm
 cause if you need to be free you can take it
      Eb                    F
Not a prison of love that you make it
    Bb                   Bb7
Don t fall in love with me baby
                              Eb
It s a love that just won t last
 Cm                               Eb
Your eyes are looking    out at the future
                 F
But you see the past
    Bb                        Bb7
You know hearts are made to be broken
                           Eb
And your love has broken mine
 Cm                              Eb
```

```
Now all your gonna get in the morning is a lonely night
                        F
