And they call me Shenandora in the air.

Well, I'm ten feet tall,

but I'm only three feet wide.

And I live inside an ocean that flows
on the other side.

If I came back down

would it all be far too soon?

And it looks like it's gonna be a lovely afternoon.

well, here I am and here I'm stayin'.

It's been my longest journey

and I've come through the black of night.

I was tired and hungry

when I saw your distant light.

Well, I know this may sound crazy,

but I'm sure I got here first.

I'm just me, Shenandora,

at the edge of the universe.

I thought that I was going home,
and all the way I kept on prayin .
I couldn t stop to turn around;
well, here I am and here I m stayin .

Just my dog and I
