D Bm G D
I m so weary from holding this load,
D F#m G D
but it s only love for you, that I walk this lonely road
G F# G D
I must follow the wind, follow the wind,

and the wind will take me home before the cold.

D Bm G D
Every star I have counted, each flower I have seen,
D F#m G D
but the place I am going there is no grass as green.
G F# G D
I must follow the wind, follow the wind,
D A D
and the wind will take me home where I can dream.

F C G C
In the hour I am lonely your love will be mine,
F C E A
I will stay in your arms, dear, until comes the time.

D Bm G D
I must be on my way, for my home is anywhere,
D F#m G D
I have no time to stay, I have no time to care.
G F# G D
I must follow the wind, follow the wind,
D A D
as the wind gently blows in my hair.
