Method To My Madness Bee Gees

```
I ve played the game, still it s not worth it
Like a woman---- in the rain---
I close my eyes--, i m on the shelf---
  C
I know myself----
n.c.
           C
I ve seen the lights, of ev ry city
Tried to work out----, where I am
I close my mind, for the day---
I know the way----
repeat verse one
                  Αm
There s never ever anybody to rely on
There isn t time to count the shoulders I have cried on
      well that s just circumstances ,
I must take | --, my chances
   Вb
But, baby, you don t know what I m saying
     {\tt Bb}
But I guess, that s not true and you know that s true
            {\tt Bb}
                     F
But there s a method, to my---, madness---
             C
I ve played the game , still it s not worth it
Like a woman----- in the rain
            C
So I close my eyes--, for the day
I know the way-----
```
