G

Is the writing on the wall

F#m

that makes you see.

And it's the saviour of my soul.

Em

And what I say that must be heard

with love in every word.

D **A/C#**
Close your eyes, don t let go,

Bm **F#m/A**
don t get lost in the falling snow.

G
Always out of place alone,

A
with someone you re not sure of.

D **A/C#**
Broken wings don t arrive.

Bm **F#m/A**
It s a storm but you still survive.

G
It s gonna take a miracle.

D **A/C#**
So I go around believing you.

Bm **A**
I say good night, stay forev er and

G
nobody knows how much

A
I pray for you at night.

Em
And miracles happen,

Bm
you know miracles happen.

And yesterday

G **F#m**
there was nothing in my life worth living for.

Bm **Em**
You were there and I was born,

Em
the very strength to carry on

a miracle has come.

Hold on tight, call my name,

C#m **G#m/B**

you re someone I m not sure of.

E **B/D#**
Don t look down, I ll be there,

C#m **G#m/B**
like the wind in the cold night air.

I can see a miracle.

E **B/D#**
And through it all we rise and fall,

C#m **B**
tear it apart and stay forev er.

A
And I know where heaven is

B

and somewhere in between

Em

miracles happen,

C#m **B**
We tear it apart and stay forever.
