Intro: **Fmaj7 Bbmaj7 Fmaj7 Bbmaj7 Am7 A7 Dm7 Gm7 Csus**

Fmaj7   **Am7**
Baby, when there s only one embrace,
Bbmaj7
one is just enough for two.
         Am7   **A7**   **Dm7**
When do I learn young fingers get burned?
       Gm7
Never, my love.
    Csus
Aah.
Fmaj7   **Am7**
And when everyone has been a friend,
Bbmaj7
windy day we never knew,
          Am7   **A7**   **Dm7**
now nothing can stand the way it was planned,
      Gm7
no, baby, nothing could be good as,
                   Fsus
nothing could be good as loving you.

          Ebmaj7
Even though you re far away,
   G#sus   **Fmaj7**
your movie plays in my mind,
   Bbm7   **Am7**
your world is what you see,
     Bbmaj7
let it be me.
   Ebmaj7   **G#sus**
And   I   can make you warm at night
   Fmaj7   **Bbm7**   **Am7**
but I need to be sure you got love enough to know.
Dm7 **Gm7**   **Csus**
Aah, never, never.

Fmaj7   **Am7**
And when every cloud has lost its glow,
Bbmaj7
raining on my avenue.
       Am7   **A7**   **Dm7**
When do I hide that nothing inside?
      Gm7
When, baby, nothing could be good as,
                 Fsus
