Hi, This time I m back with another brilliant yet simple song for the Bee Gees, this would be my second submission, Hope the first one (Blue Island) was good enough for you guys to trust me on another one.. I know the Brothers Gibb were fond of huge complicated chords, but since I m not that slick, I ve tried to simplify them a little...hope they work

The Song is in the key of D, the strumming pattern is easy to figure out, The verse

and Chorus Chords are repeated for the whole song

Chords :

Intro: C# C#sus4 (I make some quick unimportant C#-C#sus2-C#sus4 variations)

Verse :

C# G#9 Ebm

Yesterday was history who knows what there is gonna be when we meet again C#maj7

Will you smile and tell the world about me

G# Ebm7

Can there be no doubt about me I was your friend

Chorus :

Bbm7 F#

As I gaze upon a sea of smiling faces

Fm Ebm7

Walk amongst the glow of moonlit places

Eb7 F7

The look in your eyes, to see your smile

?# C#

Won t bring you back to me

I remember things we planned

The world would never understand but we found a way And the world of love you gave to me Each moment is a memory, whatever they say

As I gaze upon a sea of smiling faces
Walk amongst the glow of moonlit places
The look in your eye, to see you smile
Won t bring you back to me
For the look in your eye, to see your smile
Won t bring you back to me

Yesterday was history who knows what there is gonna be when me meet again Will you smile and tell the world about me
Can there be no doubt about me I was your friend

As I gaze upon a sea of smiling faces
Walk amongst the glow of moonlit places
The look in your eye, to see your smile
Won t bring you back to me
For the look in your eye, to see your smile
Won t bring you back to me
For the look... (repeat lines and fade out)
