

Smoke and mirrors

Bee Gees

B/E **E**
When I was a boy

B/E **E**
all the books I read

A
I followed like a blind man

to heed the words my father said.

E **B** **E**
Those golden summers faded into night,

B **E**
words become a dream,

A
the echoes of my childhood

B
and where the path is winding.

G
May God bless you,

F **G**
keep you safe from all harm.

C
Oh, may I stand by you always.

G
Time and motion.

F
Hands touch,

G **G/F** **F** **Em/F** **Dm/F** **C/F** **Dm/F**
lips find a way to heaven on high.

Am **E7**
And nothing from nothing.

Am
And ashes to ashes, they say.

F **E7**
All the more that you reach out

F
the more that it runs away.

G **F**
Smoke and mirrors.

G **C**
Smoke and mirrors.

G **F**
(No more goodbyes) (No lies)
That's all I ever got, smoke and mirrors.

G **G/F**
(you find your way there heaven on high)
She show me what she's got, smoke and mirrors.

F **Em/F** **Dm/F** **C/F** **Dm/F** **C/F** **D**

G
May God bless you,

F
keep you safe from all harm.

G **F/G**
I stand by you always.
