

Buzz
Before You Exit

[Verse 1]

F#m
First kiss start of the New Year
F#m
First that I told all my real fears

E

We were gin and coke
E
But lately we've been broke

F#m
First text down on the runway
F#m
Got me so low when you run away

E

Don't know how to cope
E
Sleeping with the ghost
E
Of all I used to know
E
(All I used to know)

[Pre chorus]

F#m
And I know we'd fight
F#m
Stay up all night
E
Six in the morning
B
The sun on the rise
F#m
But somewhere inside

E B

Do you still hold onto me?

[Chorus]

F#m
Or was it just a buzz?
E
The feeling, was it love or lust?
F#m
How long have we been slowly
E
Floating from the rush
F#m
Or was it just a buzz?

E

The feeling, was it kiss or touch?

F#m

How long have we been slowly floating

E

Away from us?

[Verse 2]

F#m

First fight came out of nowhere

F#m

Stepping outside for some fresh air

E

Are we letting go?

E

Is that just how it goes? Oh

F#m

First row seat for the breakdown

F#m

Still got your things back at my house

E

Don't know how to cope

E

Sleeping with the ghost

E

Of all I used to know

[Pre chorus]

F#m

And I know we've not spoken for weeks

E

B

Heard from your friends you don't get too much sleep

F#m

But somewhere inside

E

B

Do you still hold onto me?

The feeling, was it kiss or touch?
