

**Come
Beggar's Bridge**

Come by Beggar's Bridge
Ted Wulfers

This is a kick a\$\$ song to play and jam to.....

Capo 3rd Fret
It starts in Dm

Arpeggio on
C#m A E B
C#m A E B

Then start strumming these chords

C#m A E B
Daylight ditty in a world gone wrong
Oh, no, why can't we just get along
Sister, grab your brother and make love through the night
Brother treat your sister right

A B E C#m B B A
Come along, we can live so free
Fly so high, if you'd only come with me
After all, we are living underneath the sun

A B C#m
That is why we need to come

There's a place, it's a place not all of us know
But it's a place, a place that all of us go
Oh yeah, come along and bring all of your friends
I'll be there, oh I'll see you in the end
Come along, we can live so free
Fly so high, if you'd only come with me
After all, we are living underneath the sun
That is why we need to come

Dm to Bb this part with the snare drum roll
We can make it a better place
A better place to live
We can pray to God, hold the hand of the devil
And find something to give
Of our all, of ourselves
Makin' sure that love is all we know
Live in peace, live in peace, and play in laughter's glow
All the war, all the hate
Baby, it's so dumb

Come with me, come with me
Baby it s now time to come
