Verse 2.

You never know what the nightlife holds  
The cards are down and the table s rusted  
I guess the key to growing old  
Is having lots of fun and not getting busted  
My time has come  
There s got to be a better way of life  
My time has come  
And my time is now

Chorus:

Change:

**Eb**                      **B**  
Take me to a higher mountain  
**Eb**                      **G#7**  
Skyscraper, tell ya later  
(Repeat 4 times)

Verse 3.

What a day today has been  
I ve got the whole world upon my shoulders  
My future s bright but my face is thin  
I picked the wrong day to be hungover  
My time has come  
There s got to be a better way of life  
My time has come  
And my time is now
