

**A Candles Fire**  
**Beirut**

[Intro]

**C D G C** (x4)

[Verse 1]

**C D G C**  
Oh, light a candle s fire, carries our good name  
**C D G C**  
What would you ask a campfire, it scares me just the same  
**C D G C**  
And you, you ve had it all along, an endless need for games  
**C D G C**  
Just don t forget, a candle s fire is only just a flame  
**C D G C**

[Verse 2]

**C D G C**  
I hit certain from afar, failed to pull my weight  
**C D G C**  
But you were light, we traveled through the fall to arrive at our front gate  
**C D G C**  
Tonight we rest beside the fire, a smile upon your face  
**C D G C**  
Just don t forget, a candle s fire is only just a flame  
**C C G G**

[Chorus]

**Am D G C**  
If I had known that to carry on that way  
**Am D G C**  
It wouldn t show in the creases on your face  
**Am D G C**  
If you should go, would you carry on my name?  
**Am D G C**  
Just let it blow in the fog of Bishop s Lane

[Outro]

**Am D G C** (x4)
