[Intro]

B E F# x2

[Chorus]

B E F#
You re on in five, it s time you rise or fail.
B E F#
They ve gone before, stood by your door all day.
B E F#
For what it s worth, defend your kind from shame.
B E F#
The lights are down, go on inside, they ve paid.

[Verse 1]

B E F#
You re the face in stone
B E F#
Through the land I own.
B E F#
You never found it home.
B E F#
You re not the girl I used to know.
B E F#
What would you hide from such a glow
B E F#
If I had only told you so?

[Chorus]

B E F#
You re on in five, it s time you rise or fail.
B E F#
They ve gone before, stood by your door all day.

[Verse 2]

B E F#
But you never found it home.
B E F#
A fair price I d pay to be alone.
B E F#
What would you hide from such a glow
B E F#
If I had only told you so?

[Outro]
