Belasco - Lawman

These chords were taken from the live version at:
<http://www.youtube.com/watch?v=SmyjLRe4ZDw>

Note:

I have named some of the chords differently because, although the chord formation is the same, the name

indicates that different strings must be played.

It is advisable to listen to the song in some parts such as the intro and outro to understand better how

the chords are played.

Standard tuning
No capo
