

Slowset
Bell X1

So I asked her to dance **C**
She said she wasn't able **F**
And all her friends laughed **C**
She was just trying to be gentle **F**
And so we danced **C**
Round and round in circles **F**
Not of that lovesong **C**
But our very own circles **F**

Slowset is dead **C**
No more love on the dancefloor **F**
Unless you're out of your head **C**
That's all that we went for **F**

So she asked me to dance **C**
I did but I wasn't able **F**
Oh where to put your hands **C**
When there's so much food on the table **F**

Slowset is dead **C**
No more love on the dancefloor **F**
Unless you're out of your head.. **C**
That's all that we went for **F**
