

Walk With Me
Bella Thorne

[Intro] G C9

G C9
I wish I could stand on a star
G C9
I wish I could be where you are
G C9
They say, don't you ever give up
G C9
It's so hard to be somethin' when you're not

G C9 G
But I have walked alone with the stars in the moonlit night
C9 Em7 D
I have walked alone, no one by my side
C9 G C9 G
Now I walk with you with my head held high
C9 Em7 D
In the darkest sky, I feel so alive

G C9
Adrift a lonely, little cloud
G C9
Above ground where I stand so proud
G C9
My face glowing loudly through the crowd
G C9
As I walk with the beauty of the night

G C9 G
But I have walked alone with the stars in the moonlit night
C9 Em7 D
I have walked alone, no one by my side
C9 G C9 G
Now I walk with you with my head held high
C9 Em7 D
In the darkest sky, I feel so alive

G
Ooh, ooh, ooh, ooh
C9
Ooh, ooh, ooh

G C9 G
But I have walked alone with the stars in the moonlit night
C9 Em7 D
I have walked alone, no one by my side
