VERSE 3:

I thought about a new destination
 I m never short of new inspiration
 Roll out the map and knock it with a gin.
 I will follow every direction

just lace up your shoes while I m fetching
a sleeping bag and tent.

CHORUS:

G E A G F#
All I need is somewhere I feel the grass beneath my feet

G E
A walk on sand, a fire I can warm my hands

G D

My joy will be complete

(Then there s a second solo which I haven t figured out yet, but it can t be
hard. I m
sure that there are two guitars playing that one. It is almost the same as the
first one.)

VERSE 4:

Thought about a new destination
I m never short of new inspiration
Roll out the map and knock it with a gin
made my plans to conquer the country
I m waiting for you to get out of your situation
with your job and with your life

CHORUS:

all I need is somewhere I
can feel the grass beneath my feet.
A walk on sand, a fire I can warm my hands
my joy will be complete.

CHORUS 2:

Another summer s passing by
all I need is somewhere I
can feel the grass beneath my feet.
A walk on sand, a fire I can warm my hands
my joy will be complete.
