

I Want The World To Stop
Belle and Sebastian

[Intro]

Am Dm C E 4x

Am **Dm**
I want the world to stop (I want the world to stop)
C **E**
Give me the morning (give me the understanding)
Am **Dm**
I want the world to stop (I want the world to stop)
C **E**
Give me the morning, give me the afternoon
Am **A**
The night, the night

Dm **G**
Let me step out of my shell
C **E** **Am**
That s wrapped in sheets of milky winter disorder
Dm **G** **C**
Let me feel the air again, the talk of friends
E **Am** **G F E**
The mind of someone my equal

E **E** [Am Dm C E | Am Dm C E Am A]
I want the world to stop . . .

[Dm G C E Am | Dm G C E]
Tinseltown has followed me from Tinseltown to
Grey adorable city by the docks
Girls will walk in moving air
The sun hangs low, the girls don t care
As they paint themselves at dusk

[Bridge]
Am G F, E Dm, C Bm, E
Am Dm C E

[Am Dm C E Am A]
I want the world to stop . . .

[Dm G C E Am | Dm G C E]
Towns and cities populations up and grow
The workers move to the suburbs
In between I watch and go
I run alongside rush hour traffic
A prayer for every car

Bass part can be filled with the same chords as refrain

Am Dm C E (and goes this way till the last line of refrain, when it changes to Am A)

I want the world to stop . . .

[Dm **G C E Am** | Dm **G C E**]

I want to write a message to you

Every day at ten o'clock in the evening

Yellow pearl my city is

This is your art

This is your Balzac, your Brookside, and your Bach

Am G F, E Dm, C Bm, E

Am Dm C E
