Here in the Mountain - Ben Arnold ( from the album Almost Speechless )

intro: **Am Am\* Em Am Am\* Em D (?) (Am\* = 002200)**

**Am Em Am Em**  
Your mother s burried with the preacher, she woke me bleeding in the night  
**Am Em D**  
They re killing every living creature in sight  
**C G C**  
But here in the mountain nobody found them, they were so little,  
**G D**  
caught in the middle  
**G G D C G D C**  
And we, we can play around, I am not afraid and I will protect you  
**G G D C**  
Hush, hush don t make a sound  
**G D C G D C**  
Don t leave the fire burning they will detect you

We saw the rebel army coming, we left a hundred days ago  
We had to leave before the sun rose  
High above the mountain nobody found them  
They ve seen the violence, they dream in silence

And we can play around, I am not afraid and I will protect you  
Hush, hush don t make a sound  
Don t leave the fire burning they will detect you

She was the daughter of a leader, he was the prince of many tribes

And though he never got to meet his bride  
Here in the mountain she wraps her arms around him  
He is strong and able just like the fable

And we can play around, I am not afraid and I will protect you  
Hush, hush don t make a sound  
Don t leave the fire burning they will detect you
