I knew if I made it easy for you
you d settle for me, yeah eventually

but Judy
I can t be myself anymore
it s way too hard
being loved by default

and I can t do this any longer
the vacuum left is so much stronger

I ve been living just to see you smile

A

every once in a while

tears fall
but that don t mean nothing at all
Just cause I said it first
that s why it hurts

And Judy,

I won t be your bitch anymore
and follow you around
and hold the door

i m not sorry if
you re not sorry
and you re not sorry
till I make you Judy
