É uma música bem fácil, é só puxar as cordas nos acordes seguindo a sequencia mostrada e pronto, ouça a musica que você vai entender bem o que eu estou dizendo.

Tab 1

Like an old man
Sitting alone at a lunch counter
Like a small town girl
A big city devours
Some of us laugh
Even in our darkest hour

Never leave lonely alone

Tab 2

Unspoken rules of solitude
Wound without a trace
A lifetime of dreams roll down your face
All that we can t say

Is all we need to hear
When you close your eyes
Does the world disappear

Tab 1

There s something in everyone
Only they know
It moves in the hidden ways
Of joy and sorrow

Never leave lonely alone

O final ele fica repitindo : Never leave lonely alone . é só manter o Tab 1
