

## Waiting For You

Ben Harper

**G** **Em**  
I ve been waiting for you (2x)  
**F** **C**  
Never found anything else to do  
**G**  
But waiting for you

**G** **Em**  
I ve been calling your name (2x)  
**F** **C**  
Never found anything else the same  
**G**  
Nothing s the same

**D**  
You can kill a lot of time  
**C** **G**  
If you really put your mind to it  
**D**  
Or leave it all behind  
**C** **G**  
And never go through it

**G** **Em**  
I keep hearing your name  
**F** **C**  
Nothing else sounds the same  
**G**  
As hearing your name

**D**  
You can kill a lot of time  
**C** **G**  
If you really put your mind to it  
**D**  
Or leave it all behind  
**C** **G**  
And never go through it

**G** **Em**  
I ve been hoping for you  
**F** **C**  
What else can i do  
**G**  
But keep hoping for you

**D**

You can kill a lot of time

**C** **G**

If you really put your mind to it

**D**

Or leave it all behind

**C** **G**

And never go through it

**D** **C**

What else can i do

**G**

Keep waiting for you
