D                      C
I didn t see it coming, i just thought that you were friendly,
      G                      D
But here we are passionately embraced.

                      C
I suppose its kinda funny, but its also kinda scary,
      G                      D      Dsus2
that your kiss brought back a fealing i d erased.
      D                      Dsus2      C
though you said that you were lonely, and i said i thought you would be,
      G                      D      Dsus2
then you took me to a darker holy place.
      D                      Dsus2      C
And then i said i d like to kiss you, and you said you d love to kiss me,
      G                      D
then kissed the sweatest kiss i ll ever taste.

      A                      G                      D      Dsus2

      A                      G                      D      Dsus2
D      Dsus2
I ve known you for a lifetime, we re soalmates from a pastlife daisy.

      D                      C
its all mixed with indecision, and a painfull soulfull spilling,
      G                      D
of everything i ve ever felt or known.

                      C
And you know that there all looking, so you kiss me even harder,
      G                      D      Dsus2
then hold me and i just feel right at home.
```

D **Dsus2** **C**
 You re touch is soft and tender, so i raise my flag surrender,
