and you took our pictures down and you left them on the ground
            E                       B

all that we used to be, you and me before it all crashed down
E                   F#

        G#m
now its all to late
E                       F#
   i don t know how to hold you

```

```

you said that you would never ever hurt me
                        Ebm
but i guess that was a lie
G#m                                     Ebm

        G#m                   B                              G#m

   E                                       B
on a love that isn t real
                            F#
because if you don t want me
                G#m
you should just tell me now
     E
so i can save these tears

     B,  F#,  G#m
F (one strum)
And i m so sorry
C (Single Strokes down)
For all the
F#              G#m (one strum)
pain i ve caused
           F#
For the pain i caused
E                F#
I know i never told you
        B
that i love you
        G#m
now its all to late
E                        F#
   i don t know how to hold you
B
but i want to
                G#m                        E
cause i don t want to feel this way and
      F#

           F#
why are we pretending
             G#m
```

```
why we just wasting time
   E                                    B
on a love that isn t real
                          F#
because if you don t want me
                  G#m
you should just tell me now
