

Just Like Everybody
Ben Moody

Artist: Ben Moody
Song: Just Like Everybody
Album: All For This
Tab by: Randy Pereira

Intro: **G** , **C** (x2)

G
Well I guess I lied,
C **G**
I don t have much in common with the world outside.
C **G**
No one really knows how much I have to hide.
C **Em**
With that I m really very ugly deep inside,
A **C** **G**
I wish I was just like everybody.

G **C** **G**
Nothing changes, I wish I didn t have to tell a lie today,
C **G**
But I know no one could ever love me anyway,
C **Em**
And any good you get from me is just a role I play.
A **C** **G**
I wish I was just like everybody.

D **Em**
I, I, I m so afraid
D **G** **C** **G**
I, I, I m so afraid...

G
Well it seems,
C **G**
I m no longer a child and this is not a game.
C **G**
I see so many suffering, am I to blame?
C **Em**
But underneath my eyes of glass, I m sick with shame,
A **C** **G**
I wish I was just like everybody.

G **C**
So turn away, I wish I could've saved you
G
From the pain I bring.
C **G**
But there's no truth behind the pretty songs I sing,
C **Em**
I'm not sure I ever believed in anything.
A **C** **G**
I wish I was just like everybody.

D **Em**
I, I, I'm so afraid
D **G**
I, I, I'm so afraid...

Em D C D C G C G
Ohhhhhhhhhhhh

G
Well I guess I lied,
C **G**
I wear the same old mask, as everyone outside
C **G**
And everybody knows about the shame I hide
C **Em**
That I'm really very ugly deep inside.
A **C**
I'm so, afraid.
A **C**
I'm so, afraid!
A **C**
I'm so afraid...

G C G C Em D (Repeat the chords until the end)
I'm just like everybody.
