Falling in Love
Ben Rector

```
G#          C#           G#         G#
I, I thought I was fine
G#  C#               Fm-Eb/F#-C#
Until you walked by,
                     G#
I thought I was fine
G#             C#         G#
You, that is quite a word.
G#              C#                 Fm-Eb/F#-C#
Cause you are not just some girl
                  G#
You is quite a word.

G#   Eb/F# Fm        C#
Oh-oo falling in love is something
G#   Eb/F# Fm           C#
Oo-oo-ooh falling in love is nothing.

G#             C#         G#
We, we were young and dumb
G#          C#          Fm-Eb/F#-C#
We were just both in love
                     G#
We were young and dumb
G#                        C#           G#
But there s no, no place I d rather be
G#         C#         Fm-Eb/F#-C#
Than with you next to me.
                   G#
It s where I wanna be

G#   Eb/F#  Fm        C#
Oh-oo falling in love is something
G#   Eb/F#  Fm            C#
Oo-oo-ooh falling in love is nothing.
```
